Message from Shri Nitin Gadkari

I am glad to know that the Bus and Car Operators Confederation of India (BOCI) is completing a decade of service in the passenger transport sector and is organizing its flagship Prawaas 5.0.

Road transport is the backbone of India's economy, driving connectivity, economic growth and inclusive development. As India moves towards a safer, smarter and more sustainable transport ecosystem, it is imperative that stakeholders embrace innovation, strengthen road safety, improve operational efficiency and accelerate the adoption of cleaner mobility solutions. In this journey, Prawaas has emerged as an important platform for dialogue and collaboration, bringing together all stakeholders to deliberate on the future of passenger mobility in India.

I am confident that the discussions and partnerships emerging from Prawaas 5.0. will contribute meaningfully to strengthening the country's public transport ecosystem and mobility transformation. I extend my best wishes to the organisers and participants of Prawaas 5.0.

Shri Nitin Gadkari

Hon'ble Minister of Road Transport & Highways
Government of India

Message from Shri Bhupendrabhai Patel

Indians have always been adventurous by nature, with a deep passion for travel and exploration. Wherever they go, they carry with them the essence of India—its culture, language, traditions, and values—and pass this rich heritage on to the next generation with pride and dedication. Public transport is a vital pillar of India's economic growth and social development. In one of his visionary addresses, **Honourable Prime Minister Shri Narendra Modi** introduced the concept of '**One State: One Global Destination**'. Not only will this drive tourism growth, but it will also spur the development of surrounding cities as emerging tourist destinations. Ultimately, this movement holds the promise of transforming India into a global leader in eco-tourism.

I am glad to learn that **The Bus & Car Operators Confederation of India (BOCI)** is organizing the fifth edition of India's flagship multimodal Transport Show — **Prawaas** on 9th July, 2026, at Gandhinagar. As we move towards a future driven by innovation, sustainability, and digital transformation, forums like Prawaas play an important role in bringing together policymakers, industry leaders, transport operators, and technology providers to exchange ideas and shape the future of mobility. It gives me immense pleasure to learn that the aim of the event is to bring together key stakeholders from India's passenger transport and mobility ecosystem. I hereby convey my best wishes to the organizing team and all the associated stakeholders for the success of the event.

Shri Bhupendrabhai Patel

Hon'ble Chief Minister
Government of Gujarat

Message from Shri Harsh Sanghavi

I am pleased to learn that the Bus & Car Operators Confederation of India (BOCI) is organizing its prestigious event, Prawaas 5.0.

The transport sector is currently undergoing a significant and positive transformation with the swift adoption of cleaner technologies, cutting-edge digital innovations and improved safety standards. In this era of rapid evolution, platforms like Prawaas play a crucial role. It provides an excellent opportunity for the government, industry stakeholders, private operators and innovators to come together, collaborate, share best practices and accelerate the transition towards an efficient and sustainable public transport ecosystem.

I extend my heartiest congratulations to BOCI and the entire organizing team for taking this commendable initiative. I wish Prawaas 5.0 every success and hope that the discussions, ideas and partnerships formed during this event will contribute significantly to strengthening and shaping India's future mobility landscape.

Shri Harsh Sanghavi

Hon'ble Deputy Chief Minister
Government of Gujarat

VISION & MISSION

Vision Statement

The Vision Statement focuses on the future; it is a source of inspiration and motivation. Often it describes not just the future of the organization but the future of the industry or society in which the organization hopes to effect change.

► Vision

To promote Health, Happiness and Economic Progress of the Society by Providing Safe, Smart, Sustainable & Environmental friendly Integrated Passenger Transportation solutions.

► Mission Statement

A mission statement is a formal short written statement of the purpose of an organization. The mission statement will guide the actions of the organization, spell out its overall goal, provide a sense of direction and guide decision-making. It provides “the framework or context” within which the BOCI’s strategies are formulated.

The Mission Statement concentrates on the present; it defines the expectation of the Operators from BOCI and what actions BOCI will take to ensure that these expectations are met.

► Mission

- To increase the share of Public Transport in transportation.
- To engage in Policy Advocacy with Central & State Governments to put up right operating regulatory frame work of Permits & Taxation for the development of Citizen Friendly, Safe, Secure & Economically sustainable Public Transport systems.
- To create level playing field amongst all Passenger Transport operators across India.
- To ensure world class Public Transport Infrastructure of the highest standard.
- To facilitate the process of integration between and within the various modes & operators of Passenger Transport.
- To bring in International best practices in operations and management.
- To produce and share Knowledge for fostering Innovation in Passenger Transport.
- To create platforms for Knowledge transition and Business collaboration amongst all stake holders.
- To evangelize the usage of cutting edge technology in all aspects of Passenger Transport.
- To actively encourage innovation in designing, developing & providing Passenger transport solutions.
- To ensure constant up gradation of Passenger Transport services including Safety, Security, Reliability, Hygiene, & Timeliness.
- To foster a conducive ecosystem for sustainable growth of the Passenger Transport operators.

- To bring all the stakeholders from the Bus Operator segment together on a single platform.
- To be an independent, unified voice that speaks for all the stakeholders of the Bus Operator segment.
- To liaise with Ministry of Road Transport & Highways, Ministry of Urban Development & Ministry of Tourism to ensure development of Passenger Transportation Systems & Infrastructure as required.
- To get engaged with various Transport and Tourism development corporations at National & State level.
- To get engaged with various State Transport Ministries & Departments to assist State transporters association affiliated with BOCI to resolve state level issues.
- To get engaged with Ministries of Indian Railways, Shipping and Aviation to achieve target of providing integrated transport services to the citizens of India.
- To strive to bring in harmonization of regulatory frameworks with Central & State Governments.
- To organize an annual Event for Bus operator segment and conduct Workshops & other programs for Knowledge exchange & Business collaboration.
- To collaborate with International public Transport Federations & bodies.
- To give annual BOCI Awards to recognize good work & successes of its members in multiple categories.
- To develop Human resources through Skill development & Up skilling.
- To educate members on all issues related to Bus operator segment & strive towards their betterment.
- To enter in to agreement with Bus & Car manufacturers, Spare parts & Tire Manufacturers, Oil & Gas producing companies to ensure fair pricing, this will benefit BOCI members.
- To collaborate with Technology companies for introducing advance technologies for giving better experience to travelers & to improve operational efficiency.
- To engage with financial institutes to evolve better ways of financing of the Assets, Projects & Working capital.
- To engage with institutes like ERDA to ensure right innovative ways to insure assets and to get insurance coverage at right Premium price.
- To represent transporters at various levels of Judiciary for getting justice and to bring in reforms required for strengthening Public Transport in general & business environment for our members in particular.
- To get associated with various National & State level Industrial Bodies, Organizations, Trade unions, Associations, Federations and Confederations to achieve the target of improving share of Public Transport by road.
- To work closely with organizations working in the field of transportation including AIMTC, AITWA, AICOGOA & SIMTA.

Jagdeo Singh Khalsa

Chairman

BUS AND CAR OPERATORS CONFEDERATION OF INDIA

Chairman's Message

Dear BOCI Family,

Welcome to this special Prawaas 5.0 edition. Reaching this fifth milestone is not merely a celebration of an event; it is a profound testament to the unyielding resilience and unity of our community.

When we first laid the foundation for BOCI, our primary objective was to transform a highly fragmented and unorganized sector into a powerful, cohesive collective one. Today, looking at the formidable network we have built, my heart fills with immense pride. You are the undisputed lifeline of this nation. Every single day, you carry exponentially more passengers than our airlines and railways combined. By connecting remote villages to thriving metropolitan hubs, you quietly drive India's socio-economic progress, keeping millions of students, workers, and families on the move. We are no longer working in silos; we are a unified voice that actively shapes policy and advocates for the welfare of operators nationwide.

As our country marches resolutely toward the dream of a Viksit Bharat, our mission is to continuously accelerate Desh Ki Raftaar. However, the landscape of mobility is evolving rapidly, bringing both opportunities and distinct operational hurdles. Today, we stand united in addressing critical industry challenges from navigating the complexities of the e-challan ecosystem to ensuring practical, uniform implementation of the new bus body code. We are actively working to ensure that operators can modernize their fleets, overcome these regulatory bottlenecks, and meet strict safety standards without facing crippling financial burdens. Our collective future relies on embracing clean energy, integrating new technologies, and fostering robust public-private partnerships to build a transport network that is fundamentally safe, smart, and sustainable.

This grand congregation at Prawaas 5.0 is a glorious reflection of our shared ambition. I want to extend my deepest gratitude to the BOCI Gujarat team for their phenomenal dedication. Their tireless efforts in organizing this monumental event in Gandhinagar have set a new benchmark for excellence, creating an unparalleled platform for us to collaborate, innovate, and forge new partnerships.

Let us continue to steer our industry forward with the very sweat and determination that built it. No milestone is out of reach if we strike with absolute conviction. Let us drive into a smarter tomorrow, together.

Jai Hind!

Jagdeo Singh

Chairman

Bus & Car Operators Confederation of India (BOCI)

Prasanna Patwardhan

President

BUS AND CAR OPERATORS CONFEDERATION OF INDIA

President's Message

Dear Members,

This year marks a defining milestone as the **Bus & Car Operators Confederation of India (BOCI)** completes **10 years** of serving and strengthening India's passenger transport sector. It is an opportunity to celebrate how far we have come while renewing our commitment to building a stronger, smarter and more sustainable future for our industry.

What began as a shared vision has evolved into the unified voice of India's bus and car operators. Over the past decade, BOCI has consistently championed the interests of the industry through constructive dialogue and sustained engagement with governments and policymakers.

Together, we have driven several transformative initiatives, from contributing to the **Motor Vehicles Act**, promoting **Ease of Doing Business** and **digital transformation**, to securing relief measures during the **COVID-19** pandemic. Our continued efforts towards **insurance reforms**, **GST and taxation rationalisation**, and policy support for **sustainable mobility and EV adoption** have helped reduce operational challenges and create a more enabling environment for growth.

Through persistent advocacy and collaboration with the Government, BOCI has secured several critical reforms that have facilitated sector growth, lowered operational costs and eased regulatory processes. These achievements are a testament to the power of collective action and the unwavering support of our members.

As we celebrate this milestone, we also renew our commitment to "**Moving India Together**." The passenger transport industry is undergoing rapid transformation. Technology is reshaping operations, customer expectations are evolving, and sustainability has become central to business success. Electrification, digitalisation and data-driven decision-making are no longer the future they are the way forward.

At the same time, we live in an increasingly uncertain world. Geopolitical developments, disruptions in global energy markets, fuel price volatility and supply chain challenges remind us that adaptability is essential. To remain competitive and resilient, we must **embrace innovation**, adopt **cleaner technologies**, invest in **safer and smarter** operations and continuously **evolve our businesses** to meet the demands of a changing world.

This year we host the **fifth edition of Prawaas**, our flagship event that has grown into India's foremost platform in passenger mobility. We will continue to make it bigger, more impactful and more relevant for the future of mobility.

As we look ahead, new challenges will undoubtedly emerge. However, I firmly believe that our greatest strength lies in our unity. There is a timeless saying: "**If you want to go fast, go alone. If you want to go far, go together.**" That spirit has defined BOCI for the past ten years, and it must continue to guide us in the years ahead.

I extend my heartfelt gratitude to every member, partner, government ministry and department, industry stakeholder and well-wisher who has contributed to this remarkable journey. Let us continue to stand by one another, embrace change with confidence, and work together towards a future that is safe, smart, sustainable and prosperous for the entire passenger transport fraternity.

Prasanna Patwardhan

President,

Bus & Car Operators Confederation of India (BOCI)

Allah Baksh Afzal

National Vice President

BUS AND CAR OPERATORS CONFEDERATION OF INDIA

► National Vice President's Message

Dear Members, Partners, and Friends,

It gives me immense pleasure to welcome you to this special **10-Year Commemorative Edition** of the Bus & Car Operators Confederation of India (BOCI) Annual Report. As we celebrate a **decade of advocacy, unity, and transformation**, we look back with pride on an extraordinary journey that has strengthened the voice of India's private passenger transport industry.

Ten years ago, BOCI was established with a simple yet ambitious vision to unite passenger transport operators across India under one national platform and create a credible organisation capable of engaging constructively with Governments, policymakers, industry, and all stakeholders. Today, that vision has become a reality. BOCI has evolved into the recognised national voice of the passenger transport fraternity, representing thousands of operators and consistently working to improve the ease of doing business, promote progressive policies, and create a sustainable future for our industry.

This remarkable journey has not been the achievement of any individual. It is the result of the unwavering commitment, team spirit, and collective leadership of our Founder Members, National Governing Board, State Committees, office bearers, committee members, and thousands of operators who believed that **unity is our greatest strength**. Every representation submitted, every policy discussed, every challenge addressed, and every milestone achieved reflects the dedication of the entire BOCI family.

One of our proudest accomplishments has been the phenomenal growth of PRAWAAS the celebration of India's passenger transport fraternity. What began as a visionary initiative has today become **India's largest passenger transport movement**. Through five successful editions, PRAWAAS has brought together **more than 20,000 passenger transport operators**, along with policymakers, vehicle manufacturers, technology providers, financial institutions, and industry experts from across the country. More than an exhibition, PRAWAAS has become a national platform for policy dialogue, knowledge sharing, business networking, innovation, and collaboration. This achievement has been possible only because of the extraordinary teamwork and commitment demonstrated by every member of BOCI.

As we step into the next decade, our industry stands at the threshold of a transformational era. Electric mobility, alternative fuels, artificial intelligence, digital technologies, intelligent transport systems, and sustainable mobility solutions are reshaping the future of passenger transportation. BOCI remains committed to ensuring that private passenger transport operators are active participants in this transformation. We will continue to work closely with the Government, industry, financial institutions, OEMs, and technology partners to create practical policies, innovative financing models, charging infrastructure, and business-friendly solutions that enable operators of every size to embrace the future with confidence.

BOCI has established BOCI Naari as a dedicated platform to encourage, support, and empower women entrepreneurs and professionals in the passenger transport sector. At the same time, we are actively working towards launching BOCI Yuva to inspire and nurture young entrepreneurs, bringing fresh ideas, innovation, and dynamic leadership into our industry. Together, these initiatives reflect our commitment to building a more inclusive, progressive, and future-ready organisation.

I take this opportunity to express my heartfelt gratitude to our Founder Members, National Governing Board, State Committees, office bearers, committee members, every member, partner organisations, exhibitors, sponsors, Government departments, and all stakeholders who have contributed to BOCI's remarkable journey over the past ten years. Your trust, encouragement, and continued support have been the foundation of our success.

As we celebrate this important milestone through **PRAWAAS 5.0**, let us renew our commitment to strengthening our unity, expanding our collaboration, and building a stronger, smarter, greener, and globally competitive passenger transport industry.

Together, we have transformed the journey of BOCI. Together, we will shape the future of passenger transport.

Together, let us continue Moving India Together.

A. Afzal

National Vice President,

Bus & Car Operators Confederation of India (BOCI)

Dharmaraj D R

General Secretary

BUS AND CAR OPERATORS CONFEDERATION OF INDIA

General Secretary's Message

It gives me immense pleasure to extend my warm greetings to all participants, delegates, Industry leaders, Policy makers, exhibitors and Stake holders of the passenger transport industry attending PRAWAAS 5.0, India's premier multimodal passenger transport summit organized by BOCI. PRAWAAS 5.0 is being held from 9 to 11 July 2026 at Gandhinagar, Gujarat under the theme "Towards Safe, Smart & Sustainable Public Transport".

PRAWAAS 5.0 mark another significant milestone in our collective journey towards building a transport ecosystem that is safe, smart, sustainable and inclusive. As India advances towards the vision of a developed nation, the mobility sector has a crucial role in connecting people, empowering communities and driving economic growth.

The bus & passenger transport industry continues to remain the backbone of affordable and accessible mobility across the Country.

This edition of PRAWAAS 5.0 brings together policy makers, transport Operators, manufacturers, technology providers, financiers, startups and industry experts on a common platform to exchange ideas, showcase innovations and explore collaborative solutions for the future of mobility. This event reflects our shared commitment to modernizing public transport and embracing emerging technologies that enhance safety, efficiency and passenger experience.

On behalf of BOCI, I express my appreciation to all our members, exhibitors, delegates and industry leaders whose unwavering commitment has contributed to the growth and success of this movement. I am confident that the deliberations and partnership forged during PRAWAAS 5.0 will pave the way for a stronger, greener and more resilient transport sector.

I wish PRAWAAS 5.0 grand success and look forward to meaningful discussion that will shape the future of passenger mobility in India.

With best wishes.

Dharmaraj D R

General Secretary,

Bus & Car Operators Confederation of India (BOCI)

Harsh Kotak

Treasurer

BUS AND CAR OPERATORS CONFEDERATION OF INDIA

Treasurer's Message

Distinguished Members and Friends,

It gives me immense pleasure to welcome you to Prawaas 5.0, a landmark edition that also marks a proud milestone—10 years of the Bus & Car Operators Confederation of India (BOCI). As a founding member and Treasurer of BOCI, it is a matter of great pride to witness our shared vision evolve into India's Biggest Show on Public Transport and the true Festival of Transporters, bringing together the entire passenger transport ecosystem under one roof. Over the past decade, BOCI has remained committed to strengthening India's passenger transport sector by bringing together operators, industry leaders, policymakers, manufacturers, technology providers, and other stakeholders on a common platform. Today, Prawaas has become the meeting point for business, innovation, knowledge sharing, collaboration, and recognition of excellence, contributing significantly to the growth and progress of the industry.

This year, we proudly present the largest-ever edition of Prawaas, while continuing our theme, "Towards Safe, Smart and Sustainable Passenger Mobility." This milestone edition reflects the growing strength, confidence, and aspirations of India's passenger transport sector. As the industry embraces electric mobility, cleaner fuels, intelligent transport systems, digital technologies, and smarter fleet management solutions, Prawaas 5.0 provides the ideal platform to experience these advancements, exchange ideas, and explore opportunities that will shape the future of passenger transport.

Over the next three days, participants will experience a vibrant exhibition, insightful conferences, technology showcases, business networking, interactive sessions, and celebrations recognising excellence across the passenger transport sector. It is an opportunity to build meaningful partnerships, discover new business opportunities, learn from industry experts, and collectively contribute to the next phase of growth for our sector.

As transporters, our responsibility extends far beyond moving people from one place to another. We connect communities, support livelihoods, enable economic growth, and contribute significantly to the nation's progress. I encourage each one of you to actively participate, share your experiences, learn from one another, and make the most of this unique platform.

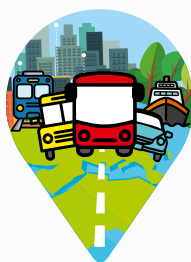

As we celebrate 10 years of BOCI, I sincerely thank every member of our Confederation for their continued trust, commitment, and support. I also extend my gratitude to all our partners, exhibitors, speakers, and well-wishers for making this landmark edition possible.

Together, let us continue driving the future of passenger transport with the same spirit of unity, innovation, and commitment. Because Prawaas 5.0 is Desh Ki Raftaar—a tribute to every transporter who keeps India moving, every single day.

Building the Backbone of India's Commercial Electric Mobility

To make commercial fleet electrification financially viable, operationally dependable, and scalable through technology, competitive financing, and integrated mobility solutions.

The Drivn Advantage

The transition to electric mobility requires more than electric vehicles, it requires an ecosystem built to support them.

Driving Large-Scale Fleet Electrification

Competitive capital costs with the opportunity to scale while requiring less equity exposure, supporting businesses transitioning to electric buses and trucks for long-term operations.

Technology That Powers Better Decisions

Leveraging operational intelligence to improve asset utilisation, revenue optimisation and fleet efficiency.

Beyond Vehicle Financing

Integrating charging infrastructure planning, battery lifecycle management, fleet operations, and proprietary technology into one platform.

About Drivn

Drivn is building India's financial backbone for commercial electric mobility by acquiring, owning, and leasing electric buses and trucks through an integrated platform that combines revenue realisation, charging infrastructure planning, battery lifecycle management, fleet operations, and end-of-life solutions.

Purpose-built for intercity passenger transport operators, logistics providers, and asset-intensive industries, Drivn helps businesses transition to electric fleets with confidence and at scale.
